

## TRUCKLOAD FUEL SURCHARGE MATRIX

The DOE Fuel Index closing each Monday for the US Region will be used as the cost per gallon price to calculate weekly fuel surcharge. Salson fuel surcharge based on that cost will be applied that Monday when the new index is posted, and be in effect until Sunday. No surcharge will be applied until the US Index exceeds \$1.099 per gallon. The Index is available by telephone 202-586-6966 or on the internet at [www.eia.doe.gov](http://www.eia.doe.gov)

Min. \$'s/Gal	Max. \$'s/Gal	FSC/Mile
